Shop with 383 m2 located in the Center of Lisbon

Large shop with 383 m2 located in the area of penha França in Lisbon.
This emblematic store is inserted in a building with a typically Lisbon cachet from the 1930s where there was in this space a bakery with its own manufacture located in one of the most popular neighborhoods of the center of the capital, making an ideal investment for a bakery or a restaurant taking into account that it has an exhaust chimney.
This store will be ideal for coworking or a call center considering it has a large space.
Taking into account that this store has several entrances with direct access to the street you can also share this space in several ways.
If you want to transform this store 3 fractions consisting of 2 apartments and 1 store, a project is being prepared that will be submitted to the City Council of Lisbon for your enjoyment.
This store needs works of adaptation and due licensing with the competent entities for the branch
